Ache

a pain or feeling of discomfort, usually one that is steady and long lasting

"The side effects of the medication may include stomach aches or hair loss. "

Ascertain

to verify or confirm something

"We will be running several tests to ascertain whether you have asthma or not. "

Barbiturates

substances derived from an organic compound that are used as sedatives and sleep inducers

"Patients taking barbiturates need to be careful not to become addicted. "
